Approach

From Vision To Reality

We Work as Part of Your Team

We don’t just deliver services—we become part of your team. By understanding your goals and challenges, we create solutions that truly fit your business.

Experts Who Take Ownership

Our experienced team handles projects independently, so you don’t have to micromanage. We take initiative, solve problems, and drive results with minimal supervision.

Complete Solutions, Not Just Designs

We provide more than just designs or code. Our process includes documentation, testing, and ongoing support to ensure long-term success.

Smart Innovation for the Future

We use AI and the latest tech to improve user experiences, automate tasks, and keep your business ahead of the curve.

Testimonials

What Our Clients Say

“Website Design”

Working with Creative Web Pixel to develop our Ranthambore Safari booking website has been an incredible experience. They delivered a complete online booking platform that includes safari bookings, hotel reservations, and custom tour packages — all integrated seamlessly with a powerful admin panel that makes our day-to-day management effortless.

Their team understood our business model thoroughly and built a user-friendly system that not only looks great but also functions flawlessly.

“Team IndianMoments”

Working with Creative Web Pixel to build the IndianMoments website was an incredibly smooth and professional experience. They understood our vision of showcasing the soul of India through immersive journeys and translated it into a beautifully designed and functional platform. The team was responsive, creative, and committed to delivering exactly what we needed – a website that reflects the essence of 'Shashvat Bharat' and connects with our global clientele.

Thanks to them, we now have a digital space that truly represents who we are. Highly recommended!

Contractual IT Staffing Solutions

Flexible Talent for Dynamic Business Needs

01

Skilled Professionals On-Demand:

Access a wide pool of pre-vetted IT experts including Developers, Designers, QA Engineers, DevOps, Cloud Architects, Data Analysts, and more.

02

Customized Engagement Models:

Short-term or long-term contracts tailored to your project timelines and budget.

03

Rapid Deployment:

Swift onboarding to help you scale your team quickly without long hiring cycles.

04

End-to-End Support:

We manage everything — from talent sourcing to payroll and compliance, so you focus on your core business.

Ready To Use Products

Apps

Our apps include food delivery, e-commerce, service booking, taxi booking, and more. They are designed for efficiency and ease of use.

Websites

Our services include e-commerce, hotel booking, hospital management, and more. We focus on performance, security, and scalability.

Games

Popular games include Ludo, Rummy, Teen Patti, and Color Prediction. Each game is built for fun and seamless performance.

Engagement Practices

Fixed Cost Model

If your company or you has a fixed set of software development requirements or ideas for creating new solutions or service, then the fixed cost model will be the best suited for you.

Hourly Model

If you or your company has software development requirements that would demand adopting changes and flexibility, then the hourly model is best suited for you.

T & M Model

You can hire our dedicated resources as well. They will only be working on your project. A daily timesheet of your work will also be submitted to you. Even though you hire dedicated resource.

Partner With Us

You can also partner with us for your growth, diversification on a mutual benefit basis. We will give you qualified and experienced professionals with sound domain knowledge.

Our Super Team

Fill in the experience, assignments, and how good your company team are. Include the hobbies of the personnel to break the ice.

- **4+Managers –** Lead projects, streamline processes, and ensure seamless client communication.
- **8+Frontend Developers –** Build intuitive, fast, and responsive web and mobile interfaces.
- **6+Backend Developers –** Develop secure, scalable, and high-performance backend solutions.
- **10+ Designers –** Craft stunning UI/UX designs, graphics, and engaging video content.
- **5+ SEO & Marketing Experts –** Optimize websites for better reach and drive targeted traffic.
- **3+ API & Integration Specialists –** Ensure smooth system integrations and seamless data flow.
